

THE MET : IPM 2022

Museum Pests Working Group -- Public Presentation 2022

1

Michael Millican – IPM Program Administrator

IPM Program Administrator (IPM-PA)

Reporting to the Executive Offices, the IPM-PA works in close collaboration with the IPM-Working Group, museum departments and buildings management to establish and uphold comprehensive and unified best practice procedures and policies for pest management and prevention. The IPM-PA also offers overarching support and expertise for collections management across the institution.
